

# Absolute 47 Fly • For Sale

PRICE ON REQUEST

The Absolute Gateway, the 47 Fly, represents the big step towards the Absolute world, that border beyond which new scenarios, new opportunities, new discoveries and new challenges open up.

An emblematic model of freedom, dynamism and agility that takes us to unexplored horizons of technology and space optimization. This is a truly impressive creation.

The dimensions become relative in this boat that offers a wealth of comfort and surprising liveability. The refined lines are the setting for a very spacious and well-organized flybridge area, fully equipped, and a very large sunbathing area towards the bow to make the most of the moments spent outdoors.

## A Model Of Freedom, Dynamism & Agility

The cockpit has double access from the platform to ease mooring operations, as well as a large storage and a ceiling with linear LED lighting along the entire length of the boat. The side passages are extremely wide and safe thanks to the high handrails.

## Technical

Manufacturer	Absolute	Model	47 Fly
Model Year	2024	Length	14.63
Beam	4.52	Draft	1.23
Engines	2 X 353KW Volvo D6 IPS650	Fuel	1600L
Wc	3	Flag	TBC
Single Cabins	1	Double Cabins	3
Total Cabins	4	Fresh Water	500L

## Perfectly Optimised, Stylistic & Dynamic

The bow is just as impressive, thanks to the possibility of having a U-shaped sofa and creating a very large sunbathing area. The main deck enjoys uninterrupted visibility thanks to the large windows. Its spaces, including a fully equipped kitchen, have been perfectly optimized.

The helm station has been conceived to offer the maximum comfort and visibility from the dashboard both when sitting and standing. In addition, there is a direct access to the side walkway, thanks to the side access door.

Walking over to the lower deck, you can find three wide cabins for a total of 6 beds: a central cabin with single beds, a VIP cabin with a huge walk-in wardrobe and the bow master cabin, in a raised position above the floatation level, with "en suite" toilet equipped with a porthole in the shower to ensure the natural ventilation, a vanity corner, large wardrobes and furnishing with an harmonious stylistic line.

The use of all spaces is even eased thanks to the fine sliding doors. The engine is entrusted to Volvo Penta's IPS650, which ensure low fuel consumption, high performance, good manoeuvrability and reduced noise and environmental emissions for an optimal and sustainable boating experience.
