The Absolute Prisma, a yacht that will redefine the range with new ground-breaking design elements never seen on a Flybridge boat of these dimensions or strength of character.

The Owner's quarter at the bow and the aft cockpit terrace, free from any fixed furniture elements. As the prism reveals the several colors through the light, the 60 Fly by Absolute is the prisma revealing an overturning of perspectives.

An evolution for the range and for the owner, too. With the new 60 Fly, a versatile life on board and liveability of the spaces are now ensured. A new perspective is offered by the bow master cabin thanks to the Owner's quarter concept. A cabin which takes up the full beam of the boat, unprecedented on a 60/70-foot yacht.

The atmosphere is sophisticated and relaxed, dedicated to the owner's comfort and privacy: the walk-in wardrobe, the vanity with a sea view, and the wide side windows to feel fully immersed in nature complete the ambience.

A Sophisticated And Relaxed Experience

The exterior lines are now enriched by elegant transparencies, thanks to the glazed balustrades that offer breath-taking views from both the fly and the cockpit. The cockpit is a revolutionary approach without fixed elements or fittings it can be furnished at the owner's taste for the first time.

A Modular Approach To Layout

On the upper deck, the Fly area offers a second open-air salon totally immersed in the surrounding landscape, whose generous dimensions are just waiting to be lived: al-fresco galley and dining area, lounge space, high-tech helm station are framed by elegant design lines, color contrasts and refined finishes.

Even the bow area is designed for maximum versatility of use thanks to a comfortable sofa with table, a sunbathing area, and music: social boating and privacy, all in one, day and night.

The Absolute 60 Fly boasts the latest generation technology, featured in modern and ultra-accessorized dashboards, with clear instrumentation always at your fingertips. Both helm stations on the main deck and flybridge have double piloting seats, ergonomic and modern. From the main deck dashboard, a very wide windscreen, with minimized and rounded side support pillars, guarantees an unobstructed view of the horizon.

Great care has been taken for the furniture as well. On board the Absolute 60 Fly modular furniture can be adapted to the actual use. The areas are dedicated to the social moments with family and friends, to enjoy panoramas in complete freedom. Various configurations are available for the owner to choose from, in order to fully enjoy the on-board life as desired.
