WC

Not a simple expansion of an already complete range but rather the most tangible expression of generous and open-minded engineering possible in a yacht today.

The Navetta 64 has allowed implementing not only the usual Absolute Yachts’ best features but also amazing onboard innovations. It’s like a sister to the other models in the line, she is a Navetta, and you can easily tell why.

The wide and uninterrupted side glass window, which runs from the aft mirror to the windshield, outlines her exterior shapes, characterized by the significant enlargement of the bow windows and the opening of the side gunwales in the cockpit.

## A Beautiful Design

In the Beach Club version, the transom can be turned from large storage into a double cabin on the water’s surface thanks to a glazed access door with a certified watertight seal. Beach Club by day and VIP cabin with an en-suite head by night.

Total Cabins	4	Fresh Water	910L

## Live The Perfect Life

Aboard the Navetta 64, all spaces are designed to offer the maximum enjoyment of the rooms—always panoramic and bright, thanks to unprecedented-size windows. In addition, the spaces are furnished and refined with everything you need to feel just like at home, without giving up on anything.

The Fly area has a far greater width than on any other 64-foot yachts. In the main deck, the living room is surrounded by frameless glass windows, offering breathtaking panoramas.

The comfortable sofas, the large table, the entertainment area, and the galley—easily connectable to the cockpit—top it all off. Moreover, the area is overlooked by a steering position with a unique windshield of more than 10 feet, curved and frameless for absolute visibility, especially when sitting.

Below the deck, the master cabin is at the bow with a king-size bed, large side windows, and a full-beam head. Also, the VIP cabin really stands out: its livability is definitely above average and the materials selected are simply exquisite. Furthermore, the third cabin is a double stateroom with single beds. Finally, all cabins have en-suite heads.
